What is EPIC?

Electronic Purchasing In Collaboration is a consortium of New Zealand libraries managed through the National Library of New Zealand that have joined together to buy collective access to a wide range of e-resources to make available to New Zealanders through libraries and schools.

Through EPIC, The Ministry of Education has paid subscriptions which enable all New Zealand schools to access a range of quality, educational e-resources.

Who can access EPIC?

The terms and conditions of use for the **Ministry of Education** funded subscription through EPIC enable access to all staff and students of New Zealand schools for personal use or educational purposes in connection with the educational activities of the school.

How to access EPIC

Links to access all of the EPIC resources are available at epic.org.nz/schools or www.tki.org/epic.

All you need to do is click on the link or product button of the EPIC resource you want to access from any web enabled device, anywhere.

Staff and students from schools that are networked through the Network For Learning (N4L) managed network (98% of NZ schools) will get direct access to the resources when using the links from within their school network.

When you use an EPIC e-resource link from outside of the school network, you will be prompted for your school's unique **EPIC school logins**. These can be used by all staff and students from your school to access the EPIC resources from any web enabled device, anywhere.

For **EPIC school login** queries, email epic@epic.org.nz

How to set up your own access to EPIC

Schools can set up their own direct access to individual EPIC e-resources as well as to specific content within the e-resources.

Examples of where direct links can be set up include; through your school's library management system (LMS), embedded in topic/curriculum pages on your intranet or internet pages, through content curation tools or book-marked lesson plans.

Information on how to do this can be found at epic.org.nz/schools/direct-links

EPIC training & marketing resources for schools

For further information about EPIC and how to promote the EPIC resources in your school, go to epic.org.nz/marketing-resources/training-marketing-schools.

This page contains general information about the Ministry of Education funded subscription through EPIC. Links to EPIC presentations, downloadable logos and EPIC e-resources Guides as well as links to a wide range of training and marketing tools about the individual e-resources available through EPIC.
